website or calling (605)330-0271

Drawing from the highly informative and relevant book, *Shepherding a Child's Heart* by Tedd Tripp, Pastor Spencer Aalsburg will unfold the concept of speaking biblically to the heart of your child.

These four sessions will engage parents of children of any age, giving you the perspective and procedures for shepherding their hearts into the paths of life.

Whether you have children now or have hopes for later, these sessions will challenge you to search your heart and equip you both for parenting and your personal walk with God.

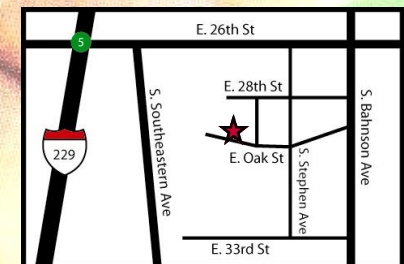

Reading the book
is not required.
